COMMENTS/HISTORICAL INFORMATION: This mid to late nineteenth century family cemetery is comprised of approximately thirty headstones, about third are non-historic. The oldest, legible, dated headstone is from 1900. There is also a stone that inscribed "P. C. Crawford; 22 KY. INF." However, there are no dates inscribed on this particular stone; therefore, it is unknown if the stone dates from the Civil War era. There is also one grave mark with a rock, date unknown. The cemetery is encompassed by a wire and post fence.
